

KLA Listserv Manager
Report to the Board
Louisville, Kentucky
March 16, 2013

Report

The process has changed for requesting new listservs from lsv.uky.edu (UK's listserv server) and that will only become problematic when there is not a University of Kentucky affiliated individual who is willing to create a listserv on our behalf. As of this moment, that isn't an issue. We have always had to have a UK employee be listed as the owner, albeit a silent owner, but now we also need them to create the initial setup of the listserv and that does require additional knowledge of how listserv admin areas work.

A new Academic Section listserv is being created since they do not currently have one. Terri Brown agreed to create the listserv as our co-manager and UK affiliated individual.

Respectfully submitted,

Sara Brown, Listserv Manager
Terri Brown, Listserv Co-Manager
